Gobierno ta introduci reforma den ley di remedi

Como alternativa pa contribucion propio

Ayera mainta durante conferencia di prensa, Minister di Turismo y Salud Publico, Dangui Oduber a elabora ariba e decision di Gobierno di no introduci e contribucion propio (eigen bijdrage) mas na Aruba y kico lo reemplasa e contribucion propio pa asina yuda baha gastonan di AZV, cual ta un tarea cu Gobierno di Aruba tin conforme instruccion di BZK di Hulanda.

Manera a keda anuncia algun dia atras, Gobierno di Aruba a tuma e decision pa no continua cu e introduccion di contribucion propio. Gobierno a splica cu nan a dicidi pa no introduci esaki pasobra nan no tabata di acuerdo cu e pensamento di CAft ariba e tema aki.

Minister Oduber a splica cu CAft su pensamento ta cu nan ta di acuerdo cu ora introduci un contribucion propio mester di un vangnet, pero CAft a bisa cu e vangnet cu Gobierno di Aruba a presenta tin demasiado persona den dje. Gobierno a presenta un manera con pa financia e contribucion propio tambe pa medio di un fondo presupuestario y segun Minister Oduber ta indica, CAft tabatin un opinion negativo ariba esaki y no ta di acuerdo cu e introduccion di e fondo presupuestario aki.

Mirando e situacion, gobierno mester a busca otro alternativa pa e hecho cu no ta introduci e contribucion propio mas. Minister Oduber a sigui splica cu e contribucion propio lo mester a spaar entre tres pa cuater miyon florin pa aña. Pa por cumpli cu e instruccion di Hulanda, e alternativa ta cu lo bay reduci gasto den remedi.

"Nos a informa CAft tambe e motibonan pakico nos no ta sigui cu e introduccion di contribucion propio y nos a splica nan tambe durante reunionnan, nos a comparti tur e informacion aki cu nan kico nos ta bay haci na luga di contribucion propio, kico ta reemplasa e contribucion propio y cuanto esaki lo por spaar den e tarea cu nos tin di reforma e gastonan di AZV", Minister Oduber a bisa.

El a indica cu nan a conduci un estudio den diferente sesionnan cu importadornan di remedi, AZV, Inspectie der Geneesmiddelen, cu boticarionan tambe y a base di tur e reunionnan aki y a base di e estudionan cu a haci conhuntamente cu AZV, a conclui cu tin un potencial hopi grandi pa modernisa e leynan y baha gastonan di remedi.

E alternativa cu gobierno a presenta na CAft, en bes di sigui cu e contribucion propio cu lo afecta e asegurado, nan ta bay enfoca pa baha e gastonan di remedi. Esaki lo wordo logra pa medio di haci cambio den e decreto di remedinan, Landsbesluit Verpakte Geneesmiddelen, y esaki ta a base di e siguiente puntonan di cambio cu lo percura pa baha e gastonan di remedi pa Aruba cumpli cu e reformanan cu mester cumpli cune conforme instruccionnan di BZK di Hulanda cu ta para tambe den e acuerdo cu Aruba tin cu Hulanda pa haci e reformanan aki.

Como prome punto, Minister Oduber a indica cu nan ta bay stimula competencia. Segun el a splica nan ta bay percura pa e prijs di botica cu lo bay tin, ta e base di un guia central pa calcula e prijs di e remedi importa. Aworaki esey no ta e caso.

Nan ta bay introduci tambe un structura di dialogo a base di cual lo reuni regularmente cu e sector, importadornan, boticarionan, cu hospital y AZV ariba e tema di con pa baha prijs di e remedinan caro.

Minister a menciona tambe cu nan ta bay facilita e proceso di registracion di remedi. Remedinan cu ya caba ta registra na Hulanda, Europa, Merca of Canada, e proceso di registracion lo wordo acelera. Esey no ta e caso na e momentonan aki y segun el a señala door di acelera e proceso aki pa e remedinan cu ya caba ta registra na e paisnan menciona, naturalmente esaki lo conduci na reduccion di gastonan tambe.

"E cambionan aki den e Landsbesluit Verpakte Geneesmiddelen ya caba ta canando y e besparing cu nos ta premira door di haci e cambionan menciona, nos ta kere lo ta entre shete cu ocho miyon florin pa aña y esaki nos lo mira mas tanto te aña 2023", el a agrega.

Esaki ta e alternativa cu Gobierno di Aruba a presenta na CAft, cual minister ta enfatisa nan a splica detayadamente kico ta e cambionan, con nan ta bay haci, cuanto placa na final di dia esaki lo spaar. "Nos ta spera cu di e forma aki nos por sigui haci e ehercicionan necesario pa logra cu e fondonan di AZV ta keda manehabel, e fondonan ta keda sostenibel y cu e gastonan ta keda pagabel pa un y tur", el a remarca.

Minister Oduber a subraya cu esaki ta un bon decision cu a wordo tuma pa Ministerio di Salud, conhuntamente cu coleganan den Conseho di Minister. El a agrega tambe cu oposicion no lo ta contento cu esaki pasobra, segun minister ta comenta, si ta pa oposicion algun tempo atras caba gobierno lo a introduci e contribucion propio.

"Continuamente ora nos bay parlamento fraccion di AVP cada bes ta puntra ansiosamente ki dia gobierno lo introduci eigen bijdrage. E ta un lamento pa nan awe cu e introduccion di eigen bijdrage no ta continua."

Minister di Salud Publico a contesta pregunta di miembronan di prensa caminda el a indica cu no solamente na Aruba, pero mundialmente ta conoci caba cu hopi pais a bay over na remedinan generico, y remedinan generico obviamente prome cu nan subi mercado ta wordo getest y certifica, sigurando cu ta remedinan di bon calidad cu no tin efectonan secundario pa e asegurado.

El a resalta cu na Aruba tambe un gran cantidad di remedinan generico ta wordo suministra, casi un 50% ta remedinan generico, pues e no ta kere cu e ehercicio cu nan ta bay haci ta cu e intencion pa reduci e calidad di e remedinan.

Minister Oduber a señala tambe cu parti di e acuerdo di DCHA (Dutch Caribbean Hospital Alliance) ta cu Corsou, Sint Maarten y Hulanda lo cumpra remedinan hunto, pasobra e ora por cumpra den volumen y na momento cu haci esaki tin espacio pa negosha un miho prijs y asina logra reduci e gastonan.

Sindicatonan: 'Cada biaha ta bin cu mas medida pa pueblo y esaki ta alarmante'

Cumisando e luna di augustus riba dialuna mainta, sindicato Aduanero SADA, Sindicato SEPPA, SIMAR, SPA y OPPA a duna gobierno te cu diabierna 5 di augustus venidero pa mira con por adapta e aumento recien anuncia riba awa y coriente. E sindicatonan a haya un reunion cu minister Glenbert Croes awe mainta y ta spera un respuesta riba esaki.

Josephine Albertus, presidente di sindicato SIMAR ta splica Bon Dia Aruba cu e sindicatonan a manda un carta pa prome minister di Aruba na unda ta vocifera nan inkietud y preocupacion pa loke ta e aumento di awa y coriente cu a ser anuncia diabierna 29 di juli.

"Pasobra nos ta bisa cu e problemanan financiero cu e pueblo ta aden caba ta hopi halto, y pa wak aworaki atrobe ta bin cu un aumento di awa y coriente, cada biaha nos ta wak ta bin cu mas medida na pueblo ta alarmante y preocupante," Sra. Albertus ta expresa.

Un luna pasa ora a bin cu e anuncio cu desde 1 di juli lo a aumenta awa so, for di e tempo ey sindicatonan a manda un carta caba. Despues e aumento a wordo posponi y awor a bin cu un otro cifra, diferente na esun introduci un luna pasa. Sindicatonan a pidi tambe un reunion cu WEB e tempo ey, a logra na haya un fecha pa e reunion pero despues esaki a wordo posponi, y 'te dia di awe nos ta wardando,' segun Sra. Albertus ta conta Bon Dia Aruba.

E sindicatonan ta mira cu por ehempel WEB, ni na prensa kier duna contesta concreto riba e aumento recien aki, pakico a bini cu anuncio di aumento na juli y despues hala esaki atras, y mas cu tur cos pakico no a sinta cu tur sindicato tambe prome cu yega anuncia e aumento aki na pueblo 'zomaar' asina.
E sindicatonan ta haya cu nan no por djis sinta y considera cu WEB su situacion ta precario, y acepta tur cos sin un splicacion drechi of un miho claridad riba e asunto.

"E aumento aki ta bay afecta tur cos, bo ta bay wak aumento den supermercado, tienda y mas. Pasobra tur cos ta bay wordo calcula pa e consumidor. Nos ta bisa e problemanan social cu ta halto caba, y esaki tambe lo bay sigui aumenta," Sra. Albertus ta bisa. E aumento aki tambe lo ta un otro peso atrobe pa e pensionado. Ora cu aña bolter lo bini un BTW pa impuesto, cuanto e porcentahe ta ningun hende no sa ainda, pero esaki tambe lo tin un efecto riba e pueblo. Tur esaki e sindicatonan no por ignora y sinta man crusa sin vocifera nan preocupacionnan.

'Gobierno tin cu tuma su responsabilidad'
"P'esey nos no por sinta man mara, nos ta bisa pa gobierno bin cu un solucion pa e puntonan aki." Mirando tambe e parti di Landspakket, e sindicatonan ta subraya cu ora cu gobierno a firma cu Hulanda na 2020 y bin cu un Landspakket, ta para cu Gobierno tin e responsabilidad pa cu e continuacion cu awa, coriente, gasolin y cierto puntonan di cuido. E sindicatonan ta bisa cu gobierno di Aruba tin cu tuma su responsabilidad y no por ta asina cu cada biaha ta simplemente bin cu medida pa pueblo.

"Como grupo di sindicato y organisacion di pensionado nos ta manda e carta aki pa gobierno y nos ta contento cu ya caba nos a haya un contesta," segun Sra. Albertus. Pues mesora despues di a manda nan carta dialuna mainta, nan a haya un contesta di prome minister bisando cu el a pone esaki den man di minister Glenbert Croes. E sindicatonan a haya un invitacion pa awe, diamars mainta 2 di augustus pa 8or, y nan kier tende for di gobierno kico nan ta bay haci pa bin cu un solucion.

'Ladronicia lo subi sigur'
Vice Presidente di sindicato di Polis, SPA, Sr. Roland Maduro a subraya tambe cu un preocupacion sigur ta con hopi cos a bira mas caro caba, hasta impagabel pa hopi hende. "Esaki ta pone un peso tambe pa miembro di Polis. Pasobra unabes tur cos bira caro, hende lo busca toch manera pa hay'e, esey toch ta costa cada ciudadano nan privacidad y tambe ladronicia ta subi sigur, sin conta atraco," segun Sr. Maduro. Semper ta dispuesto pa sinta cu gobierno pa bini cu posibel solucionnan pero segun e sindicatonan, casi nunca nan ta mira cu gobierno ta acerca nan of bati na nan porta pa yuda cu algo.

"E ta alarmante, nos di sindicatonan ta pone hopi atencion debidamente na esaki y ta pidi gobierno pa dialoga y yega na otro pa un miho solucion pa e pueblo aki."

Despues di confisca cocaina na Aruba:

Cartel Balkano traficando cocaina di Sur America na UE desmantela

Un operacion internacional atravesando frontera, involucrando autoridadnan di Croacia, Italia, Motnenegro, Hulanda, Portugal, Serbia, Slovenia y Spaña, cu sosten di Europol, a conduci na e desmantelacion di un organisacion criminal cu tabata trafica cocaina for di Sur America na Union Europeo y otro paisnan.

E investigacion riba e red criminal aki a dura varios aña y a involucra un cantidad di Estadonan Miembro di Union Europeo y paisnan tercero di region Balkan occidental. E red di traficacion di droga tabata componi principalmente di ciudadanonan di Montenegro, pero tabata involucra tambe ciudadanonan di Bosnia y Herzegovina, Croacia, Italia y Serbia, segun un comunicado di Europol.

Entre 2019 y 2020, autoridadnan di cumplimento di ley a confisca mas di seis ton di cocaina na Aruba, Cote d'Ivore, Portugal y Spaña.

Aruba

Segun un relato di Organized Crime and Corruption Reporting Project (OCCRP), publica 27 di februari 2020, varios ciudadano di Montenegro a keda deteni na momento cu autoridadnan di Aruba a intercepta un boto transportando tonelada di cocaina destina pa Grecia, segun directorado di polis di Montengro a bisa OCCRP.

E barco, yama Aressa y nabegando bao bandera di Cameroon, a keda intercepta cerca di costa Venezolano, y tabata transportando alrededor di cinco ton di cocaina, cu balor riba caya di 160 miyon euro, gobierno di Montenegro a anuncia riba Twitter. A bisa cu e accion den e awanan di Caribe tabata resultado di varios luna di actividad conhunto entre agencianan di ley Hulandes, Britanico, Serbio y Montenegrino.

Segun e medio online BalkanInsight, polis a bisa cu "e Montenegrinonan aresta tabata miembronan di tripulacion. Ta sospecha cu e barco transportando e cocaina tabata bay trafica esaki na un waf na Europa occidental." E tripulacion a keda deteni pa traficacion di droga. BalkanInsight a reporta cu e barco Aressa a sali for di Surinam na inicio di februari, a para na Guaranao na Venezuela, y tabata bayendo pa Thessaloniki na Grecia. Segun medionan di comunicacion internacional, esaki tabata e confiscacion di droga mas grandi den historia di Aruba.

Ademas, segun e portal online CrimeSite, publica dia 29 di november 2019, Wardacosta di Region Caribense a confisca 1,5 kilo di cocaina. Segun wardacosta, esaki a sucede despues cu a detecta un barco sospechoso riba radar, den awanan teritorial di Aruba.
Durante control, a resulta cu e barco ta un go-fast. E cuatro miembro di tripulacion abordo tabatin mas cu 1.5 ton di cocaina abordo. A entrega e tripulacion y e droga na Aruba pa continua cu e investigacion. Esaki tabata e segundo accion di confiscacion di cocaina cerca di costa di Aruba e aña en cuesion.

CrimeSite ademas a reporta dia 20 di januari 2021 cu a exigi un sentencia di 15 aña contra e capitan di e barco captura na februari 2020 cu cinco ton di cocaina abordo, Aressa. Contra e otro personanan abordo a exigi 12 aña.
Autoridadnan Hulandes tabata alerta pasobra a ricibi informacion tocante e carga for di polis di Colombia. Según fiscal den e caso, un di e sospechosonan diripiente a cuminsa duna declaracion durante detencion preventivo, incluso tocante e otro acusadonan.

Abogado di e capitan di e barco, Cem Polat, a duda cu e sospechoso a cuminsa papia espontaneamente. Segun Polat, "Den mi opinion a haci acuerdo cu e sospechoso ey, por ehemplo, ofreciendo proteccion na su famia si e duna un declaracion incriminatorio. Incluso mi ta pensa cu a usa e homber como un infiltrado civil criminal."

Durante e audiencia, a bin na cla cu Ministerio Publico a lubida di incorpora informenan oficial na e dossier di combersacion anterior cu e sospechoso. Polat a argumenta cu mester a declara e fiscal como improcedente. Den e dossier no a keda conoci ken tabata e clientenan di e transporte di cocaina.

Mafia 'Ndrangheta

E investigacionnan despues di e confiscacion na Portugal a destapa posible vinculo entre e red criminal aki y e organisacion estilo-mafia, 'Ndrangheta. E mesun confiscacion aki a conduci na identificacion di 17 sospechoso nobo, 13 di ken tabata ciudadano di Montenegro. Durante e investigacion, a enhuicia 29 sospechoso na Croacia, Italia, Montenegro, Hulanda, Serbia, Slovenia y Portugal.

Riba e dia di e accion, 27 di juli ultimo, oficialnan na Europa a tene accion na 37 lugar (1 na Croacia, 2 na Italia, 33 na Montenegro y 1 na Serbia, a aresta 12 sospechoso (1 na Croacia, 1 na Italia, 8 na Montenegro y 2 na Serbia) y a confisca holoshi caro, carchi di banco, documento, municion y arma, un vehiculo, un speedboat y cash.

Segun Organisacion Internacional di Polis Criminal, Interpol, 'Ndrangheta ta un di e organisacionnan criminal mas poderoso y extensivo na mundo. Originando den region Italiano di Calabria, e organisacion a expande rond mundo y ta continua crece na un velocidad stabiel. Awendia, 'Ndrangheta ta considera e unico organisacion mafia Italiano cu presencia na tur continente na mundo.

E aumento di crimen estilo-mafia ta representa, segun Interpol, un menasa unico y urgente, ya cu lasonan familiar fuerte y practicanan politico y comercial corupto ta permitie pa penetra tur area di bida economico.

Impulsa pa poder y influencia, e 'Ndrangheta ta involucra den un rango amplio di actividad criminal, di traficacion di droga y labamento di placa te extorsion y manipulacion di contractnan publico. E ganashinan ilegal enorme aki ta wordo reinverti den companianan regular, reforsando mas ainda e control di e organisacion y contaminando e economia legal.

Critica aumento di prijs...
O critica falta di vision y accion...?

E dia inevitable a yega, pa anuncia aumento di prijs di awa y coriente. Inevitable pasobra tur ciudadano cu ta sigui noticia internacional sa cu tabata cuestion di tempo pa mester a tuma paso pa evita catastrofe financiero pa e companianan estatal responsable pa provee energia y awa. Por lo tanto hopi lo tabatin e reaccion di "Te awor no mas?" Lo tabata mihor duna claridad cu, en vista di e desaroyonan internacional, unda cu e invasion Ruso na Ucrania prijs di crudo y otro combustible a explota globalmente. Pero desde fin di februari di e aña aki a pasa basta tempo. Suficiente tambe pa haya sa cu e alza drastico di prijs di crudo lo no ta algo temporal, sino cu e por keda halto pa basta tempo. Pa cuminza, ta demasiado prematuro pa pronostica un fin di e guera na Ucrania. Y ademas e aumento internacional di produccion di crudo ta depende di aumento considerable di inversion den petroleo di e productornan principal, loke ta tuma tres pa cinco aña pa cuminza mustra fruto, segun un publicacion e siman aki di Bloomberg. Si economia mundial mehora o yega na un recesion, no tin un oferta creciente a corto plazo. E grupo internacional di productor OPEC ta reuni e siman aki, pero no ta anticipa cambio di produccion y si acaso, solamente un aumento leve, loke no lo contribui tanto na un aumento di oferta.

En todo caso, no tin manera pa scapa di e aumento di prijs, y awor ta necesario considera e posicion di esnan cu entrada mas modera. En principio ta mantene e modelo 'social' di cobro, unda esnan cu ta usa un cantidad modesto ta paga e tarifa abao. E consumidornan fuerte ta mira un aumento mas fuerte di nan recibo.Ta parce logico pa organiza esaki asina, poniendo mas peso riba e schoudernan mas hancho. Pero esey no ta tur. Ta importante tambe puntra nos mes con nos prijsnan pa awa y coriente ta compara cu otro pais den nos region, por ehemplo. Nos por observa cu un simple comparacion cu e hermana isla Curaçao ta mustra cu awa na Aruba ta mas barata cu na e otro isla. Igualmente prijs di coriente. Ta e prijs halto aki na Curaçao ta haci cu e promedio di consumo di electricidad aya ta mas o menos mitar di loke e ta aki. Nos lo haya e reaccion irita atrobe di cu 'nos no ta Corsou', pero honestamente nos ta kere cu si por compara e dos islanan, pasobra tanto economia como infrastructura, mas tamaño di poblacion, nos no ta asina aleha di otro. E consumo eleva na Aruba por tin relacion cu e prijs relativamente abao di tanto awa como electricidad, compara tambe cu otro islanan den Caribe. Nos no ta trece esaki dilanti como critica riba e consumidor, mas bien por señala cu e ta algo cu nos por a afford, y awor esey a bira mas dificil.

En general e critica riba gobierno ta orienta riba entre otro e hecho cu no a hedge prijs di crudo na momento cu esey tabata oportuno. Esey ta berdad, y aunke nos no a haya un splicacion debido, nos no ta kere cu esey so mester di nos atencion. Mas importante ta e maneho en general cu miras pa futuro. Aki e preocupacion ta grandi pasobra nos no ta tende nada mas cu 'intencion'. Manera sa bisa: "Caminda pa Cielo ta pavimenta cu bon intencion" y na e altura aki nos a scucha suficiente. Kico ta e problema cardinal? Cu, segun nos parecer, gobierno ta poniendo tur su fichanan riba e deal cu Eagle LNG, y no ta haciendo nada pa amplia e sector di energia alternativo y renovable. E problema actual ta cu gas natural (LNG of otro forma) ta parti di e crisis di energia, no petroleo so. Prijs di gas lo keda halto, sigur pasobra Europa ta bay limita su dependencia riba gas Ruso, y a cuminza importa na un escala grandi gas for di Estadonan Uni. Den e proximo añanan e demanda Europeo por mantene prijs di gas natural halto. Kico ta e efecto pa Aruba? Cu lo por tin suministro di gas, pero no na un prijs cu lo significa un reduccion di costo di awa y coriente. Ademas cu mester tene cuenta cu ta e consumidor local ta bay paga e infrastructura pa LNG, ya cu e perspectivanan pa bende LNG cu cliente den nos region ta casi nulo. Tin suficiente oportunidad pa bunker LNG den nos region caba.

Esaki ta trece e atencion atrobe riba energia renovable. No ta dificil pa constata cu nos no ta avanzando cu esaki, y nos a keda pega na un nivel di 30 MW di capacidad instala di biento, y 7,5 MW di solar. E cifranan di produccion real, te cu juni 2022, tabata 13,4% y 0,9% di biento y solo respectivamente, segun cifra di WEB mes. Aparentemente tin algo di produccion di e parke na aeropuerto, pero nada di e parke solar na San Nicolas; un bon pregunta pa haci na WEB...

Por keda critica gobierno pasobra – finalmente – nan a haci loke mester a haci, aumenta prijs pa no malogra e companianan, pero ta mas importante cuestiona e ruta di morocoy cu a tuma pa renoba drasticamente nos infrastructura di energia di manera sostenible. Aki nada ni di vision, ni accion...

Dr. Raisa Rudge a presenta buki di experimento pa mucha "Dive into Science"

Recientemente a tuma lugar e evento "k'i ta bo stem", organisa pa The STEM Embassy. Como parti di e evento aki, Dr. Raisa Rudge a traha un buki di experimento di STEM (science, technology, engineering, mathematics) specialmente pa muchanan por haci experimento di ciencia na cas.

E buki titula "Dive into Science with Dr. Raisa" a wordo reparti bou di tur mucha cu a atende e evento di Ki' ta bo STEM. Pronto, e buki aki tambe ta disponible pa muchanan di e STEM camp di Kiwanis San Nicolas. Raisa mes a lanta na Aruba y a constata cu mayoria buki di experimento ta usa ingrediente y materialnan cu ta dificil pa obtene na Aruba. Pa es motibo Raisa a opta pa traha su mesun buki dedica na e muchanan na e islanan Caribense.

Danki na e ayudo di The STEM Embassy, e prome version di e buki aki a bira un realidad. E version aki ta un version piloto y ta contene 3 experimento y tambe un puzzel y un kleurplaat. Cu e buki aki Raisa kier encurasha mucha y hobennan pa scoge un carera cientifico of tecnico.

E buki aki ta demostra hobennan cu nan mes por haci experimento y cu no ta importa bo edad, identidad of color di cuero.

E aplicacion specifico di su estudio ta pa compronde locual ta sosode den e boca di un ser humano (lenga, djente, slijm) durante cu e ta come.

E resultadonan di e estudio ta di importancia pa comprende con nos por produci comestibel cu ta mas saludable (menos sucu, vet mas productonan natural etc.) pero cu ta crea e mesun sensacion di boca (mouthfeel) cu e producto original cu si ta contene vet of sucu por ehempel.

Un di e rekisitonan pa completa un PhD ta pa skirbi un tesis of disertacion. Raisa su tesis ta contene 9 diferente capitulo y mayoria ya caba a wordo publica como articulo den revistanan cientifico internacional.

Actualmente, Raisa ta trahando como postdoctoral researcher na The University of Queensland, Brisbane, Australia. Aki Raisa ta investigando e structura y textura di plant-based meats (productonan vegetariano cu tin e mesun textura y porcentahe di proteina cu carni).

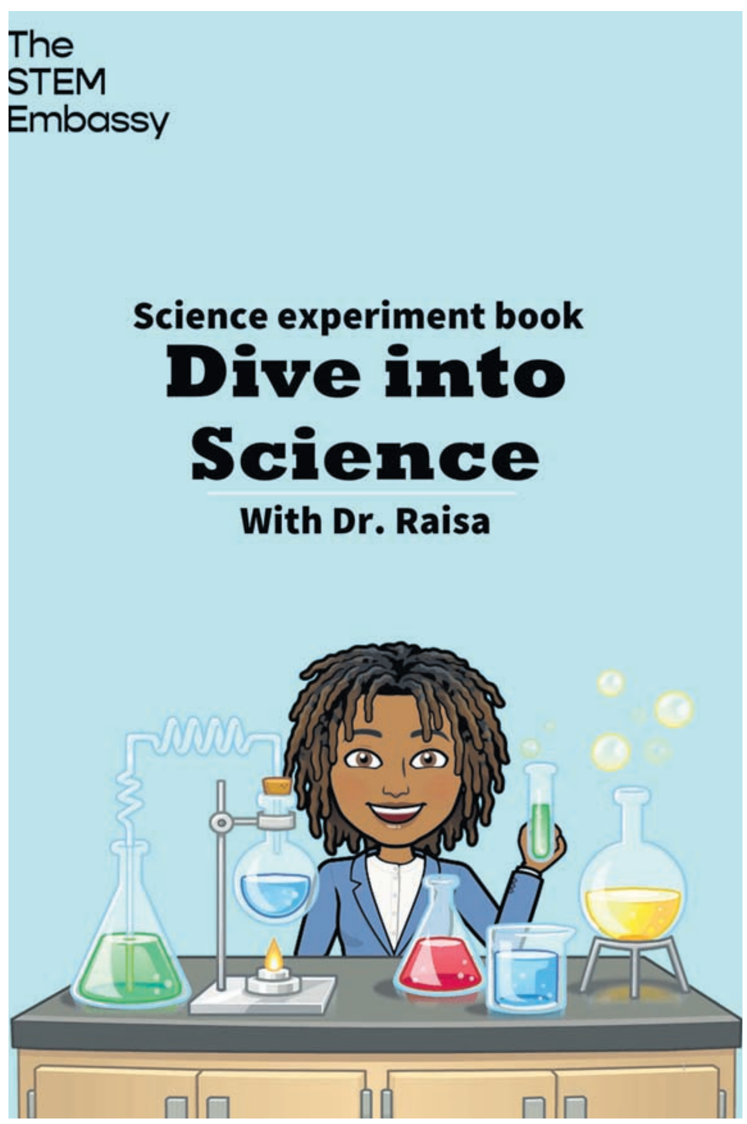

Tempo Raisa tabata biba na Aruba, Raisa semper a participa na diferente iniciativa pa hoben. Prome cu su estudio, Raisa tambe tabata activo como miembro di Parlamento Hubenil. Raisa tambe tabata activo den e mundo di deporte y arte aki na Aruba. Raisa a participa den koninkrijksspelen varios biaha. El Salvador: Arsobispo ta elogia accion di gobierno contra gangnan

(AP) — Arsobispo di iglesia Catolico Romano di San Salvador a bisa cu mayoria di hende ta sostene un estado di emergencia di lunanan largo cu a detene decenas di miles di sospechoso den un accion contra gangnan violento.

Awo, back na Bogota, e ta spera di ricibi satisfaccion mirando cu Gustavo Petro, Colombia su prome presidente iskierdista lo huur oficina dia 7 di augustus.

Petro su ekipo di transicion di siguridad domestico no a responde na preguntanan di The Associated Press tocante e topico aki.

Cualkier accion cu e administracion nobo tuma lo refleha den e compromiso cu e derechonan humano y su habilidad di reforma un establecimento di siguridad nacional cu tin hopi tempo bao mando di e enemigonan politico.

UNP ta un pilar di e establecimento aki. E ta emplea, mas tanto como bodyguard, decenas di ex-agente di e agencia di siguridad domestico DAS cu a keda disolvi den aña 2011 despues cu e gobierno di ex president Alvaro Uribe a abusa di nan poder pa usa e empleadonan como spion riba Corte Supremo, reporteronan y oponentenan politico.

Prominente entre nan ta Petro y Duque.

El a ser vigila, menasa y victima di bullying pa medio di operativonan di DAS despues di a descubri evidencia cu e asesinato di e activista Jaime Garzon den aña 1999 tabata un crimen di e estado. Duque su reportahe eventualmente a yuda acusa y sentencia ex director diputado di DAS den e asesinato, y 3 otro ex oficial di DAS cu a ser acusa y sentencia di tortura psicologico den e bida di Duque y su yiu muhe.

Huicionan contra 8 otronan te ainda ta pendiente. Durante tur cos, e menasanan a forsa su persona huy for di e pais casi 12 biaha.

E Preguntanan tocante e dispositivonan a agrega mas preocupacion tocante un agencia cu antes tabata entre Latino America su agencianan mas efectivo den e proteccion di derechonan humano.

Prome casa di JLO ta kere cu e matrimonio cu Ben Affleck no lo dura

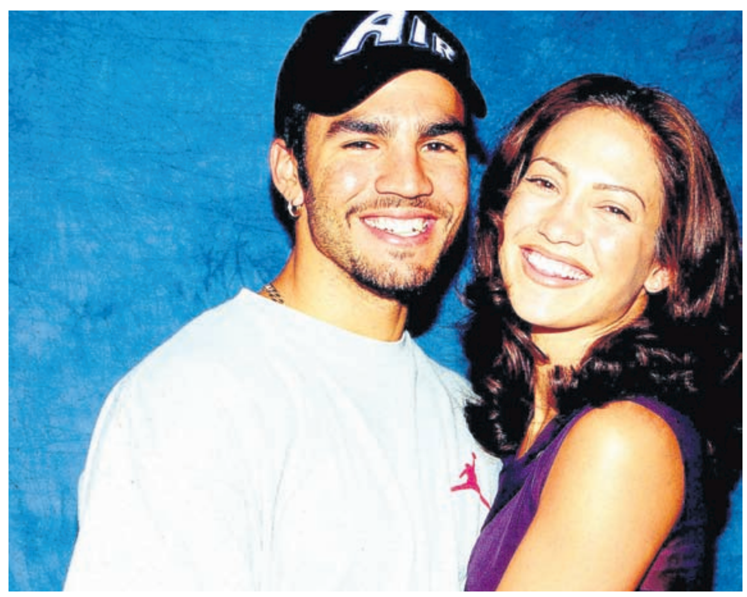

Segun prome casa di Jennifer Lopez e artista ta gusta di ta namora, e tabata seis biaha comprometi y Ben ta esun di cuater casa. Ojani Noa ta duna di conoce cu e ta e prome casa di Jennifer Lopez y cu na varios ocasion JLO a bise cu e ta amor di su bida, Asina Ojani Noa a bisa

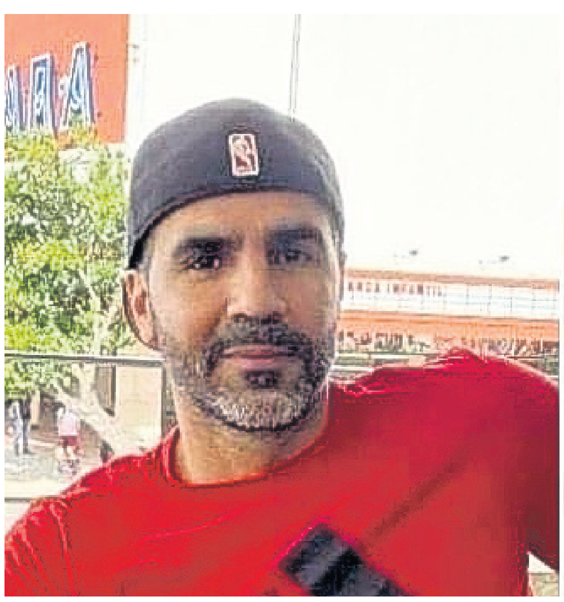

Sinembargo e Cubano Ojani Noa prome casa di Jennifer Lopez ta desea e pareha tur cos bon den nan matrimonio cu e actor Ben Affleck, aunke e no ta kere cu e matrimonio lo dura hopi.

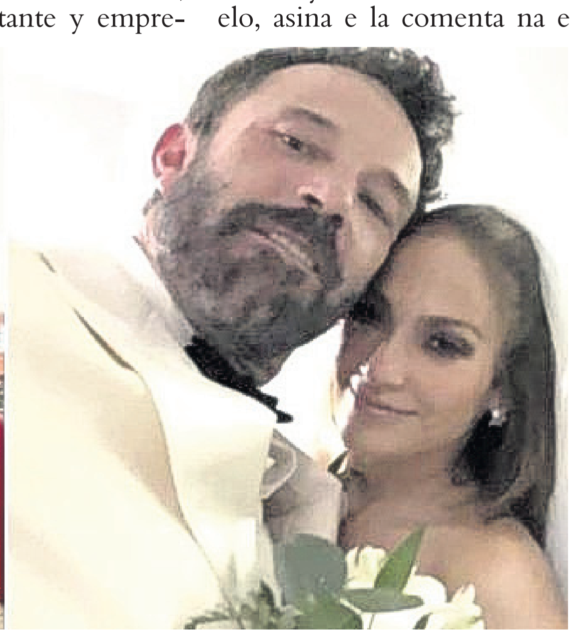

Den un entrevista cu The Daily Mail Noa a splica cu su ex cu ainda ta un bon amiga di su persona ta gusta di ta namora y den e anochi di nan matrimonio JLO a bisa na su persona cu e ta amor di su bida y cu nan lo bay keda semper hunto.

E Cubano a conoce e actriz, bailarina, cantante y empresario na momento cu e tabata traha den un bar unda cu e la confesa cu e tabata cansa di ta solamente considera solamente manera e camarero pober cu e diva di Bronx y a pone cu lo e keda casa pa un aña so, pero e ex pareha tabata hunto romanticamente durante dos aña pero nan tabata amigo durante una decada.

Noa a yega Merca na momento cu e tabatin solamente 15 aña y a traha como modelo, asina e la comenta na e

corant Britanico, cu su historia cu JLO tabata mane saca for di un cuenta di ada y asina mes e la fracasa. Na e momento aki Noa su boca a slip y a duna di conoce cu e matrimonio cu e matrimonio entre e cantante y e actor Affleck no lo dura mirando cu ya caba un biaha nan tabata comprometi casi 20 aña pasa.

E ex pareha a conoce JLO ya caba na momento cu e tabata basta conoci, pero na momento cu nan tabata casa tabata caminda cu e la bira e mega strea . Durante hopi aña tabata hopi dolor pa por a papia riba e proceso. Esaki ta debi cu si no tabata pa e personanan cu tabata rond di dje e momentonan ey y cu tabata bisa cu Noa tabata un persona desconoci kisas nan matrimonio lo a dura hopi mas. E prome encuentro cu nan tabatin tabata na e restaurante Cubano di Gloria Estefan den e famoso Ocean Drive di Miami.

Parlamentario Alvin Molina (MEP):

'Bedrijfsvoering' y 'personeelszorg' pa Cuerpo di Bombero

Dialuna ultimo durante conferencia di prensa di Gobierno di Aruba Minister Rocco Tjon a anuncia desaroyonan positivo cu ta tumando luga na Cuerpo di Bombero Aruba. Cuerpo di Bombero a haya e atencion y inversion necesario pa garantisa seguridad di e trahadonan pa asina nan por cumpli debidamente cu trabou y brinda un miho servicio y asistencia na comunidad. Sin lubida e importancia pa nos aeropuerto y consecuentemente nos turismo.

A inverti den material, uniform, a renoba e central di alarma di brandweer, trucknan y infrastructura. E renobacion di e post na San Nicolas 'Sierra' ta premira pa finalisa pa fin di aña 2022. Banda di esaki e proceso pa regla e posicion huridico di e trahadonan y a haci palabracion cu companianan Mericano pa duna e bomberonan entrenamento y/of cursonan necesario.

Tur esakinan sigur ta desaroyonan positivo pa pone Cuerpo di Bombero bek riba pia. E bomberonan a pasa door di temporadanan di incertidumbre y pa hopi aña a pasa den diferente retonan grandi den e organisacion. Manera retonan di rechtspositie, retonan di maneho, como tambe retonan di recursonan pa por eherce nan trabou. Brandweer Aruba tin mester di un bon maneho cu un vision bon fiha pa asina e organisacion por funciona optimal y brinda un excelente servicio na nos comunidad.

Finalisando mi ta felicita Minister Rocco Tjon, Brandweer Aruba como tambe Sindicato di Brandweer SINBA y sin lubida e bomberonan cu e logro aki.

Articulo Clifford Heyliger AVP- Abuso di Mucha e Pandemia ignora

Mundo ta pasando door di tempo nan dificil. Prijs halto di combustibel, inflacion for di proporcion, reto nan logistico, falta di material y producto nan prima y asina mi por menciona varios mas. Tur e tema nan aki ta kita nos atencion di e crisis mas grandi cu Aruba a yega di enfrenta cu ta e Abuso di nos yiu nan.

Ta parce cu nos pais a degenera asina hopi cu abuso di mucha ta normal unda ni sociedad ni politico nan ta worry pa atende cun'e. Desde ki dia e bienestar di nos yiu nan a bira secundario? Nos ta grita y bati na pecho cu derecho di mucho ta sagrado y cu derecho di educacion ta un derecho fundamental. Pero e realidad ta cu nos no ta mehorando e seguridad di nos yiu nan y nos ta hortando mucha nan di un educacion pa motibo di airco geld. Nos mester tin berguensa cu esaki ta e situacion na Aruba.

Nos yiu nan ta sufriendo pasobra un monster ta destrui nan bida. Nan ta keda sin personalidad, vulnerabel, deprimi, y mas tristo. Cu tur ta nan inocencia y nan "childhood" ta wordo horta di nan. Abuso di mucha mester wordo catalogisa como atentado di morto cu a laga e victima trauma pa bida. Unda e ley contra abuso di mucha a keda?

Mas cu 40 miyon florin extra di presupuesto a bay pa soluciona e crisis social na Aruba. Pero te dia di awe gobierno no por mustra unda e placa bay y kico su efectividad tabata. Ta tarea di ministro di asunto social y departamento nan di asunto nan social pa sali y duna cuenta y rason. Comparti datos cu comunidad y yuda educa comunidad. Specifica e problema social pa asina pueblo por comprendo kico ta pasando.

Por ehempel:
- Cuanto suicidio of intento di suicidio tin pa luna?
- Cuanto mucho y adulto ta sufri di depresion?

Mi ta kere ta tempo pa Parlamentario nan, e representante nan di pueblo bini hunto y exigi di gobierno accion y transparencia den e tema di Abuso di mucha.

Parlamento di Aruba tin 5 parlamentario cu ta bin di e area social. A bira tempo nan bini hunto y representa pueblo di berdad. Pueblo kier seguridad y proteccion pa su yiu nan. Pueblo kier castigo mas severo pa e criminal nan di mucha. Pueblo kier atencion pa e crisis aki.

Un criatura inocente ta perde bista riba bida pasobra un monster, un sinberguensa ta abusa di dje. E famia tambe ta sufri.

Na mi opinion abuso di mucha ta e crimen mas cruel cu un hende por comete contra un otro persona.

Un pregunta ta keda, ki dia nos ta bay den "lock down" y tuma medida mas evero pa evita cu Pandemia di Abuso di Mucha ta sigui plama?

Parlamentario Marco Berlis (MEP): Eigen bijdrage a pasa pa pasado

Minister Dangui Oduber a anuncia cu lo usa un otro alternativa cu no ta afecta pueblo

Minister Dangui Oduber a anuncia den conferencia di prensa di Gobierno cu no lo continua cu Eigen Bijdrage mas. E decision aki a wordo tuma pasobra CAFT no kier permiti AZV bin cu un vangnet social cu por protege esunnan mas vulnerabel den nos sociedad. CAFT ta bisa cu e grupo aki cu ta cay bao di e vangnet social ta mucho grandi y pa tal motibo no ta aproba esaki. Ta bon conoci cu CAFT a impone riba AZV pa corta 60 miyon florin pa aña. Suma cu CAFT nunca por a onderbouw ni hustifica te na e dia di awe. Oposicion mas bien tabata pusha y fiesta pa e eigen bijdrage wordo introduci, pasobra e Protocol di Dialogo Social cu Mike Eman a firma na 2014, tabata inclui e medida aki. Pueblo por pasa wak e documento aki cerca mi.

Un rapport cu alternativanan briyante

Minister Dangui Oduber a continua elaborando den su conferencia di prensa cu den rapport di profesor Hubben Batenburg di BC Zorg, tin diferente recomendacion cu a wordo haci pa por reduci e gastonan actual. Den esaki e hospitalnan a formalisa un aliansa pa traha hunto, pa sigura y mehora e cuido medico aki na Aruba. Ademas a forma un cooperacion pa bay cumpra remedi hunto cu lo bay economisa AZV mas cu dos biaha compara cu loke e eigen bijdrage lo mester a trece aden. E compra di e remedinan hunto lo duna AZV un prijs hopi mas faborabel y asina por spaar basta placa. Di e forma aki pueblo lo no mester paga e eigen bijdrage mas. E creatividad y reformacion den AZV inicia pa minister Dangui Oduber a demostra cu no tur medida mester afecta pueblo, pero cu innovacion y vision por trece cambionan positivo den nos departamento di cuido cu awor lo bay funciona mas eficiente y mas efectivo.

Un plan cu ta cumpli cu exigencia di CAFT y un cuido di calidad accesibel

Mi no por keda sin menciona cu varios siman pasa mi a tene un rueda di prensa unda mi a declara cu si eigen bijdrage bin, un vangnet social mester bin. Mi a menciona cu lo mi no sostene un eigen bijdrage sin un social vangnet. Pesey, awe mi ta sumamente satisfecho cu e plan nobo aki di minister Dangui Oduber y ta gradici'e pa e bon trabao y creatividad di dje y su ekipo. Cu e plan aki, AZV lo cumpli cu e exigencianan di CAFT cabalmente y alaves por garantisa cu e cuido brinda na nos pueblo ta keda uno di calidad, sostenibel, accesibel y pagabel.

Parlamentario Hendrik Tevreden (MEP):

E decision di Exit Strategy a duna resultado

Saliendo di Pandemia hopi hende tabata preocupa pa e decision cu e tempo ey minister Dangui titular den turismo a tuma pa activa e Exit Strategy. Tabata un tempo tenso pero cu a rekeri di un decision dificil pa lanta e economia turistico atrobe. Apesar di e risiconan cu tabata existi gobierno a scoge pa activa turismo atrobe y awe sigur nos ta cosecha ariba e decision aki.

Aruba su recuperacion di turismo ta excepcional y entre e miho paisnan di mundo. Pa e prome 6 luna nan di aña 2022 Aruba a ricibi 528.325 turista. Esaki ta un recuperacion di 92%.

Aruba su recuperacion di turismo pa 2022 te cu awor ta 92% (-8%), cual ta pone nos como un di e miho nan di mundo ariba e tereno turistico.

Mundo y Turismo

Recuperacion mundial ta na 46% (-54%). Recuperacion den nos region ta 60% (-40%). E cifranan aki ta demostra cu e calculacion di risico, curashi y determinacion pa anuncia nos "Exit Strategy" ora mundo tabata cera pa COVID-19 ainda na januari 2022 a resulta. Tur turista cu tabata biaha pa Aruba a sinti nan mes sigur cu Aruba su protocol nan medico contra COVID. Hasta cu algun turista a scoge pa keda mas largo na Aruba enbes di regresa nan mes pais mirando cu na nan pais e protocol di COVID no a funciona mesun bon. Nos tin di felicita aki nan tur e frontlinersnan cu a carga nos pais y e turista cu tabata bishita nos den e momentonan aki. Nan contribucion tabata vital y nos ta reconoce esey.

IMF a indica den nan comunicado cu: "Aruba moved very swiftly from the pandemic" ilustrando cu den comparacion global, Aruba ta un 'frontrunner' ariba e tereno aki. Esaki a resulta cu awe Aruba ta e di dos pais na mundo cu miho recuperacion di turismo.

Pa futuro

Aña 2019 tabata e miho aña di turismo den historia di Aruba, pa e motibo aki ta usa e indicador nan di aña 2019 pa por compara. Na juli 2020 Aruba su fronteranan aereo a habri atrobe. Y den e prome 6 luna nan, a ricibi 529.000 turista. Na april, mei y juni 2022 Aruba a surpasa e cantidad di turista cu a bishita nos na 2019 den e mesun luna nan. Y tur cos ta mustra cu di aki nan pa futuro, cu si no bini un evento similar na e Pandemia, nos lo surpasa e indicadornan di 2019. Pesey nos kier manda un felicitacion na Minister Dangui Oduber y tur e partner nan den e ramo turistico cu e esfuerso cu nan a haci pa nos por a activa e Exit Strategy, cu awe a duna resultado.

Corsou y Boneiro den top seis di Miss Teen Mundial

Den e certamen mundial di Miss Teen representantenan di Corsou y Boneiro tur dos a sigura nan puesto den e top 10 internacional di beyesa.

E certamen di beyesa Miss Teen Mundial Pageant a tuma luga diasabra ultimo na Salvador. E ho0ben di Corsou Da-Xia'n Philipa a keda na di tres luga y Marjely Doran di Boneiro a keda den Top seis den e elccion.
E ganador tabata di Santo Domingo den persona di e hoben Mariona Juncosa. Representantenan di Corsou y Boneiro tur dos ta contento cu nan representacion den exterior. E miss Teen di Corsou ainda na su yegada na Corsou e la pone riba su media social cu ainda e ta den schock y cu e tabata un anochi inolvidabel pa su persona y cu sempero lo e keda corda e anochi aki.Phi;ipia ta gradici tur esnan cu a yude pa asina haci su soño un realidad.

Respet, igualdad, inclusion y tolerancia

Daisy Coffie (M21): Un lucha di derechonan pa cu e comunidad

Nos ta biba den un sociedad diversifica y compleho cu representacion y participacion di diferente grupo di hende. E diversidad aki ta evidente den aspectonan manera origenetnico, clase social, religion, habilidad fisico of mental,generoico y tambe preferencia sexual.

Pa nos por compronde y relata miho na otro ta nos responsabilidad y deber civico pa informa nos mes tocante temanan cu ta di importancia pa hustamente e gruponan minoritario den nos pais. Ademas di informa nos mes, nos meta mester ta pa crea un comunidad sigur, inclusivo, solidario y husto pa un y tur. Asina nos por duna berdadero balor na e principio di husticia social. Pa e motibo aki, nos ke para keto awe na e tema di e lucha pa derechonan di e comunidad LGBTQ+.

For di 30 di juli te cu 7 di augustus ta celebra "Amsterdam Pride", "Marchanan di orguyo" of "Pride" ta manifestacionnan social di e movemento pa derechonan pa e comunidad LGBTQ+ y ta keda organisa na diferente Ciudad rond mundo. E tradicion aki a cuminsa na Merca como un acto di rebeldia y protesta, pero awendia ta un representacion mundial di balor y buskeda di igualdad sin exclusion. Un di e obhetivo principal di e manifestacionnan aki ta pa mustra y expresa cu orguyo e diversidad di ordenacionnan sexual y generonan cu ta existi; Pa laga mustra loke tradicionalmente ta wordo reprimi y trece e realidad di e comunidad aki dilanti.

Cu e "Pride" ta otorga tambe mas visibilidad na e comunidad LGBTQ+.Personanan cu ta parti di e grupo aki por sinti liber di mustra nan mes manera nan ta sin miedo pa representacion of critica social. Den manifestacionnan aki miembronan di e comunidad LBGTQ+ ta ripara sinti cu nan no ta nan so y cu tin hopi hende (cu no ta LGBTQ+) cu ta stima nan, cu ta defende nan, cu ta respeta nan y tin masha hopi hende pa ken nan ta importante.

Manifestacionnan di orguyo LGBTQ+ ta di suma importancia tambe pasobra nan ta yuda cambia mentalidad di hopi hende y crea un otro perspectiva. "Pride" simplemente ta exigi cumplimento y respet pa cu derechonan fundamental.

Ta importante di bisa cu for di e momento cu e tipo di accionnan aki a cuminsa na aña 1969 tabatin avance nan grandi contra discriminacion. Sinembargo, ainda ta existi hopi actonan di odio y tin hopi paisnan caminda cualke orientacion sexual "no tradicional" no ta wordo acepta y hasta ta conseheranan como criamento ta wordo castiga. P'esei e lucha di e comunidad LGBTQ+ ta sigui, te ora cu por logra elimina etiketnan y prehuicionan. Pa logra e cambio, cada persona den nos comunidad mester para fuerte y defende derechonan humano di cada ciudadano, incluso di e comunidad LGBTQ+.

M21 ta para pa igualdad, inclusion y no discriminacion, nos ke garantia di tur e derechonan humano; nos ta duna y alabes exigi trato igual pa y na tur hende; asina un sistema balansa ta funciona bon, asina un isla of pais mester ta, cu trato igual pa un y tur. Tolerancia y respet ta e yabi.

Conseho di refugiado ta demanda estado Hulandes pa crisis den recepcion di solicitante di asilo

(NLTimes) – Vluchtelingenwerk Nederland lo demanda gobierno y Agencia Central pa Recepcion di Solicitante di Asilo (COA) dentro di e siguiente 3 siman binidero. E organisacion kier forsa un solucion pa e crisis den shelter pa refugiadonan.

Na comienso di juli, e conseho Hulandes pa refugiadonan a anuncia cu nan lo bay corte si e solicitantenan di asilo no tabatin shelter cu ta cumpli cu e rekisitonan minimo prome cu dia 1 di augustus. Segun e organisacion, e situacion desde e tempo aki a bira pio, hasta bao di loke ta humanitario.

Den simannan recien, centenares di solicitante di asilo a drumi riba yerba pafo di e sentro di aplicacion di asilo na Ter Apel. "Otronan tin tempo caba ta kedando na localidadnan di emergencia manera tent y stadionnan cu camanan di campamento pa lunanan largo. Miles di persona tin mas di un ana ta warda pa mira un mehoracion den e localidadnan di emergencia aki. Den varios luga, e condicionnan basico no ta presente, manera cuminda decente, un cama y sanidad adecua y limpi, ademas di proteccion di e elementonan.

Pa lunanan largo, e gobierno central y municipalidadnan ta den un impasse tocante ken ta responsabel, Vluchtelingenwerk a bisa. Cu un declaracion di corte, e organisacion ta spera di por kibra e impasse aki. "Despues di e Conseho di Siguridad riba dia 18 di juli, municipalidadnan a bolbe enfatisa cu e recepcion di emergencia pa e crisis aki lo caba dia 1 di october. Nan a enfatisa cu tur nan derecho cu e crisis di recepcion aki no ta un crisis di refugiado, sino un crisis di decisionnan politico cu a laga e sistema di asilo den un estado di crisis permanente pa añanan largo caba."

Segun e organisacion, un di e causanan di e impasse ta e falta di perspectiva di parti di e gobierno central. "Peticionnan liber di e municipalidadnan pa propone localidadnan di recepcion no tin un efecto suficiente. Un amienda legislativo cu lo permiti e gobierno central designa e localidadnan aki ta den proceso, pero e tempo di warda a caba."

Vluchtelingenwerk ta finalisando e yamadonan cu nan tin plan di publica dentro di 3 siman.

Ministerio di Husticia y Siguridad, responsabel pa asilo, ta compronde cu vluchtelingenwerk ta bayendo corte, un vocero a expresa contestando un pregunta. E ministerio tambe ta kere cu e recepcion di e solicitantenan di asilo actualmente no ta nada bon.

(NLTimes) - Un monumento nobo a ser habri na Eva Cohen-Hartoghkade na Kop van Zuid den Rotterdam diadomingo atardi. E ta consisti 10,000 piedra cu ta representa e 10,000 Hudiunan di Rotterdam cu a keda deporta durante e di dos guera mundial y nunca a bolbe back. Segun e municipalidad, e instalacion mas nobo a cuminsa cu un iniciativa pa haci e area mas berde. E 10,000 piedranan a ser incorpora den un caminata crea cu yerba decorativo cu ta zwaai den e biento.

"E ta simbolisa nos memoria bibo di e residentenan di Rotterdam Hudiu cu a bay laga nos," Frank van Gelderen, secretario di Loods 24 Foundaition y Jewish Children Monument a expresa den un comunicado di prensa municipal. A planta un mata tambe cu ta representa pas y conexion den un container rond di e sitio tambe segun NOS.

Un monumento nobo a keda revela durante e conmemoracion anual di e comienso di e deportacion. Pa motibo cu e fecha a cay riba un diasabra, cual ta e dia Sabbath pa e Hudiunan, e ceremonia a tuma luga riba diadomingo.

"E no ta un monumento di nombernan. E tin diferente tamaño y formanan cu e piedranan cu ta simbolisa e hendenan, pero bo no por mira e nombernan," Van Gelderen a conta NOS.

Harris cites climate 'crisis,' pushes $1B for floods, storms

(AP) — Vice President Kamala Harris called climate change an "immediate" and "urgent" crisis Monday as she detailed more than $1 billion in federal spending to respond to disasters such as deadly flooding in Kentucky and wildfires ravaging her home state of California.

On a visit to Miami, Harris announced a series of grants being made available to states to help communities across the nation prepare for and respond to climate-related disasters.

Touring the National Hurricane Center before the grant announcement, Harris said disasters such as the Kentucky floods and California wildfires show "how immediate, how current and how urgent" it is to address extreme weather being experienced in the United States and around the world.

"Climate change has become a climate crisis, and a threat has now become a reality," she said in a speech at Florida International University.

Harris cited deadly floods that have swept through Kentucky and Missouri, "washing away entire neighborhoods," leaving at least 35 dead, including children. At least two people were killed in a wildfire in Northern California that was among several fires menacing thousands of homes in the western U.S. Hot and gusty weather and lightning storms threatened to boost the danger that the fires will keep growing,

"The devastation is real. The harm is real. The impact is real," Harris said. "And we are witnessing it in real time."

In 2021, the United States experienced 20 climate-related disasters that each caused over $1 billion in damage, Harris said, citing a report by the National Oceanic and Atmospheric Administration. There were about six such disasters per year in the 1990s.

"The frequency has accelerated in a relatively short period of time," Harris said. "The science is clear. Extreme weather will only get worse, and the climate crisis will only accelerate."

The White House is leading a government-wide response to climate disasters that "recognizes the urgency of this moment and our ability to do something about it," Harris said, adding that leaders such as herself and President Joe Biden "have a duty to act, not only after disaster strikes, but before disaster strikes, and that is why we are here today."

The billion-dollar grant program announced by Harris doubles spending from last year on programs to defend against extreme weather events across the country. Biden announced last month that the administration will double spending yet again in the budget year that begins in October, spending $2.3 billion to help communities cope with soaring temperatures through programs administered by FEMA, the Department of Health and Human Services and other agencies.

The Building Resilient Infrastructure and Communities, or BRIC, program, supports states, local communities, tribes and territories on projects to reduce climate-related hazards and prepare for natural disasters such as floods and wildfires. The program is funded through FEMA's Disaster Relief Fund and the bipartisan infrastructure law signed by Biden last year.

"Communities across our nation are experiencing first-hand the devastating impacts of the climate change and the related extreme weather events that follow — more energized hurricanes with deadlier storm surges, increased flooding and a wildfire season that's become a year-long threat," said FEMA head Deanne Criswell.

The grants announced Monday will "help to ensure that our most vulnerable communities are not left behind, with hundreds of millions of dollars ultimately going directly to the communities that need it most," she said.

A total of $1 billion will be made available through the BRIC program, with another $160 million to be offered for flood mitigation assistance, officials said.

Jacksonville, Florida, was among cities that received money under the BRIC program last year. The city was awarded $23 million for flood mitigation and stormwater infrastructure. Jacksonville, the largest city in Florida, sits in a humid, subtropical region along the St. Johns River and Atlantic Ocean, making it vulnerable to flooding when stormwater basins reach capacity.

The South Florida Water Management District in Miami-Dade County received $50 million for flood mitigation and pump station repairs. The money will protect low-lying neighborhoods from sea-level rise and storm surge, Harris said.

Kern County, California received nearly $40 million for underground water storage to allow access to clean water during droughts, while Austin, Texas received millions to upgrade its power grid "so that homes and businesses and houses of worship can keep on the electricity during summer and winter storms," Harris said.

The grant program is among a series of Biden administration actions intended to reduce heat-related illness and protect public health, including a proposed workplace heat standard.

White House decries China rhetoric over Pelosi Taiwan visit

(AP) — The White House on Monday decried Beijing's rhetoric over an expected visit by House Speaker Nancy Pelosi to Taiwan, vowing the United States "will not take the bait or engage in saber rattling" and has no interest in increasing tensions with China.

White House National Security Council spokesman John Kirby underscored that the decision on whether to visit the self-ruled island that China claims as its own was ultimately Pelosi's. He noted that members of Congress have routinely visited Taiwan over the years.

Kirby said administration officials are concerned that Beijing could use the visit as an excuse to take provocative retaliatory steps, including military action such as firing missiles in the Taiwan Strait or around Taiwan, flying sorties into Taiwan's airspace and carrying out large-scale naval exercises in the strait.

"Put simply, there is no reason for Beijing to turn a potential visit consistent with long-standing U.S. policy into some sort of crisis or use it as a pretext to increase aggressive military activity in or around the Taiwan Strait," Kirby said.

The Biden administration pushed back on Beijing as Pelosi held talks with officials in Singapore on Monday at the start of her Asian tour.

While there have been no official announcements, local media in Taiwan reported that Pelosi will arrive Tuesday night, making her the highest-ranking elected U.S. official to visit in more than 25 years. The United Daily News, Liberty Times and China Times — Taiwan's three largest national newspapers — cited unidentified sources as saying she would arrive in Taipei after visiting Malaysia and spend the night.

Talk of such a visit is sparking fury in Beijing, which regards Taiwan as its own territory and has repeatedly warned of "serious consequences" if the reported trip goes ahead.

"If Pelosi insists on visiting Taiwan, China will take resolute and strong measures to defend its sovereignty and territorial integrity," Chinese Foreign Ministry spokesperson Zhao Lijian said in Beijing, without giving details.

"Those who play with fire will perish by it," Zhao said. "We would like to once again admonish the U.S. that we are fully prepared for any eventuality and the PLA will never sit idly by." The People's Liberation Army is China's military.

Chinese President Xi Jinping also warned the U.S. against meddling in Beijing's dealings with the island in a phone call last week with President Joe Biden.

China has been steadily ratcheting up diplomatic and military pressure on Taiwan. Threats of retaliation for a visit by Pelosi have driven concerns of a new crisis in the Taiwan Strait, which separates the two sides, that could roil global markets and supply chains.

Beijing sees official American contact with Taiwan as encouragement to make the island's decades-old de facto independence permanent, a step U.S. leaders say they don't support. Pelosi, head of one of three branches of the U.S. government, would be the highest-ranking elected American official to visit Taiwan since then-Speaker Newt Gingrich in 1997.

The Biden administration has tried to assure Beijing there was no reason to "come to blows" and that if such a visit occurred, it would signal no change in U.S. policy. Administration officials on Monday called on China to tone down the rhetoric, underscoring that there was no reason for Beijing to escalate tensions in the Taiwan Strait over the potential visit.

Members of the Senate Foreign Relations Committee were to receive a classified briefing on Taiwan from senior Pentagon and State Department officials on Monday evening.

"What I can say is this: this is very much precedent in the sense that previous speakers have visited Taiwan, many members of Congress go to Taiwan, including this year," Secretary of State Antony Blinken said. "And so, if the speaker does decide to visit and China tries to create some kind of crisis or otherwise escalate tensions, that would be entirely on Beijing."

Still, U.S. officials have signaled that the military would be prepared to respond if needed in the event of any action by China in response to any possible stop in Taiwan by Pelosi.

On Monday, the Navy aircraft carrier USS Ronald Reagan and its strike group were in the Philippine Sea, according to the officials who spoke on the condition of anonymity to discuss military operations.

.The Reagan, the USS Antietam, a cruiser, and the USS Higgins, a destroyer, left Singapore after a port visit and moved north, heading to their homeport in Japan. The carrier has an array of aircraft, including F/A-18 fighter jets and helicopters, on board as well as sophisticated radar systems and other weapons.

Taiwan and China split in 1949 after the Communists won a civil war on the mainland. Both sides say they are one country but disagree over which government is entitled to national leadership. They have no official relations but are linked by billions of dollars of trade and investment.

The United States switched diplomatic recognition from Taipei to Beijing in 1979, but maintains informal relations with the island. Washington is obligated by the Taiwan Relations Act, a federal law, to see that Taiwan has the means to defend itself.

Washington's "One China policy" says it takes no position on the status of the two sides but wants their dispute resolved peacefully. Beijing promotes an alternative "One China principle" that says they are one country and the Communist Party is its leader.

"We expect to see Beijing continue to use inflammatory rhetoric and disinformation in the coming days," Kirby said. "The United States, by contrast, will act with transparency."

On Monday, Pelosi met with Singaporean Prime Minister Lee Hsien Loong, President Halimah Yacob and other Cabinet members.

Singapore's Foreign Ministry said Lee welcomed a U.S. commitment to strong engagement with the region, and the two sides discussed ways to deepen U.S. economic involvement through initiatives such as the Indo-Pacific Economic Framework.

Lee and Pelosi also discussed the war in Ukraine, tensions surrounding Taiwan and mainland China, and climate change, it said in a statement. Lee "highlighted the importance of stable U.S.-China relations for regional peace and security," it added, in an apparent allusion to reports of Pelosi's visit to Taiwan.

Pelosi has said she is visiting Singapore, Malaysia, South Korea and Japan in a tour to discuss trade, the COVID-19 pandemic, climate change, security and "democratic governance."

On Thursday, Pelosi is to meet with South Korean National Assembly Speaker Kim Jin Pyo in Seoul for talks on security in the Indo-Pacific region, economic cooperation and the climate crisis, Kim's office said in a statement.

It declined to provide further details about her itinerary, including when she is arriving in South Korea and how long she'll stay. Pelosi's schedule for Wednesday remains unclear and there were no details on when she will head to Japan.

US sanctions UAE, Hong Kong firms that ship Iranian oil

(AP) — The U.S. has sanctioned a United Arab Emirates-based firm and several Asian companies for facilitating the illicit sale of millions of dollars' worth of Iranian oil for shipment to East Asia.

The Treasury Department's Office of Foreign Assets Control on Monday imposed the sanctions on UAE-based Blue Cactus Heavy Equipment and Machinery Spare Parts Trading for providing support to the Iranian petroleum trade.

Hong Kong-based Farwell Canyon HK Limited, Shekufei International Trading Co., Limited, and PZNFR Trading Limited were also hit with Treasury sanctions.
The latest round of sanctions targeting Iranian oil sales come as the U.S. attempts to reenter the Iran nuclear agreement that President Donald Trump exited in May 2018.

President Joe Biden's administration has been working to renew the agreement, which placed curbs on Iran's nuclear program in exchange for billions of dollars in sanctions relief, which Iran insists it has never received.

"The United States continues to pursue the path of diplomacy to achieve a mutual return to full implementation of the Joint Comprehensive Plan of Action," also known as the Iran nuclear deal, Brian Nelson, the Treasury Department's undersecretary for terrorism and financial intelligence, said in a statement.

"Until such time as Iran is ready to return to full implementation of its commitments, we will continue to enforce sanctions on the illicit sale of Iranian petroleum and petrochemicals."

The sanctions also come ahead of OPEC+ meetings that begin this week, where the U.S. and European nations have pressed cartel members, namely Saudi Arabia and the UAE, to pump more oil in hopes of reducing gas prices for American consumers. In late June, OPEC and allied producing nations decided not to boost production of crude in a meaningful way for consumers.

The Treasury Department did not respond to a request for comment on whether the latest financial penalties could impact U.S. hopes to get increased oil production from the UAE. The administration uses an August 2018 executive order signed by Trump as its authority to impose the sanctions.

Also on Monday, the State Department imposed penalties on two firms, Pioneer Ship management PTE LTD from Singapore and Golden Warrior Shipping Co. Ltd. out of Hong Kong, that it says have engaged in the acquisition, sale or transport of Iranian petroleum products.

Secretary of State Antony Blinken said in a statement that "until Iran is ready to return to full implementation" of the Iran nuclear agreement, "we will continue to use our sanctions authorities to target exports of petroleum, petroleum products, and petrochemical products from Iran."

In July, several Iranian companies and UAE-based Iranian nationals were hit with sanctions, including Iran-based Jam Petrochemical Co., which has exported hundreds of millions of dollars worth of products to countries throughout Asia, including China.

Iran is nursing a battered economy, with its currency hitting its lowest value ever after the U.S. withdrew from the nuclear deal.

No reported damage in Philippines from Chinese rocket debris

(AP) — There was no reported damage in a western Philippine region where debris from the final stage of a rocket that launched part of China's new space station reportedly fell, a Filipino official said Monday.

Philippine Space Agency official Marc Talampas said authorities have been advised to be on the lookout for rocket debris, which may have fallen into the ocean off Palawan province.
"We are monitoring the situation and have also issued an advisory to the public to be vigilant, avoid contact with any suspected floating debris and to report to local authorities immediately," Talampas told The Associated Press.

The China Manned Space Agency reported Sunday that most of the final stage of the Long March-5B rocket burned up after entering the atmosphere. It earlier said it would be allowed to fall unguided.

The Chinese agency announcement gave no details of whether the remaining debris fell on land or sea but said the "landing area" was at 119 degrees east longitude and 9.1 degrees north latitude. That is in waters southeast of Palawan's capital city of Puerto Princesa.

The Philippine Space Agency did not receive any notification from its Chinese counterpart about the rocket debris, Talampas said when asked if the Philippines received prior information about potential risks.

In Beijing, Foreign Ministry spokesperson Zhao Lijian rejected criticism that China did not share specific information about the falling debris and said its space agency issued "relevant information" on its website early in the morning of July 31.

"The accusations by the relevant U.S. officials and so-called experts are neither professional nor consistent with the fact," Zhao said in a daily briefing in response to a question.

"The Chinese competent authority has been closely monitoring the orbital parameters of rocket remnants and releasing relevant information to the international community in a transparent and timely manner," he said.

Zhao said the surviving remnants have "not caused any harm to aviation activities or to the ground."
China has faced criticism for allowing rocket stages to fall to Earth uncontrolled twice before. NASA accused Beijing last year of "failing to meet responsible standards regarding their space debris" after parts of a Chinese rocket landed in the Indian Ocean.

The country's first space station, Tiangong-1, crashed into the Pacific Ocean in 2016 after Beijing confirmed it lost control. An 18-ton rocket fell uncontrolled in May 2020.

China also faced criticism after using a missile to destroy one of its defunct weather satellites in 2007, creating a field of debris that other governments said might jeopardize other satellites.
The July 24 launch of the Long March-5B, China's most-powerful rocket, carried the Wentian laboratory into orbit. It was attached to the Tianhe main module, where three astronauts live.

The remains of a separate cargo spacecraft that serviced the station fell into a predetermined area of the South Pacific after most of it burned up on reentry, the Chinese government announced earlier.

1st ship carrying Ukrainian grain leaves the port of Odesa

(AP) — The first ship carrying Ukrainian grain set out Monday from the port of Odesa under an internationally brokered deal to unblock the embattled country's agricultural exports and ease the growing global food crisis.

The Sierra Leone-flagged cargo ship Razoni sounded its horn as it departed with over 26,000 tons of corn destined for Lebanon.
"The first grain ship since Russian aggression has left port," Ukrainian Minister of Infrastructure Oleksandr Kubrakov declared on Twitter.

Russia and Ukraine signed agreements in Istanbul with Turkey and the U.N. on July 22, clearing the way for Ukraine to export 22 million tons of grain and other agricultural products that have been stuck in Black Sea ports because of Russia's invasion of Ukraine more than five months ago. The deals also allow Russia to export grain and fertilizer.

As part of the agreements, safe corridors through the mined waters outside Ukraine's ports were established.
Ukraine and Russia are major global suppliers of wheat, barley, corn and sunflower oil, with the fertile Black Sea region long known as the breadbasket of Europe. The holdup of shipments because of the war has worsened rising food prices worldwide and threatened hunger and political instability in developing nations.
President Volodymyr Zelenskyy sounded a cautious note. Calling the shipment "the first positive signal that there is a chance to stop the spread of a food crisis in the world," he also urged international partners to closely monitor Moscow's compliance with the deal.
"We cannot have the illusions that Russia will simply refrain from trying to disrupt Ukrainian exports," Zelenskyy said.

In Moscow, Kremlin spokesman Dmitry Peskov hailed the ship's departure as "very positive," saying it would help test the "efficiency of the mechanisms that were agreed to during the talks in Istanbul."
Under the agreements, ships going in and out of Ukrainian ports will be subject to inspection to make sure that incoming vessels are not carrying weapons and that outgoing ones are bearing only grain, fertilizer or related food items, not any other commodities.

The Razoni was scheduled to dock early Wednesday in Istanbul, where teams of Russian, Ukrainian, Turkish and U.N. officials were set to board it for inspection.

More ships are expected to leave from Ukraine's ports through the safe corridors. At Odesa, 16 more vessels, all blocked since Russia's invasion on Feb. 24, were waiting their turn, with others to follow, Ukrainian authorities said.

But some shipping companies are not yet rushing to export food across the Black Sea as they assess the danger of mines and the risk of Russian rockets hitting grain warehouses and ports.
U.N. Secretary-General Antonio Guterres, who proposed the grain deal in April, said the Razoni was "loaded with two commodities in short supply: corn and hope." "Hope for millions of people around the world who depend on the smooth running of Ukraine's ports to feed their families," he said.

Lebanon, the corn's destination, is in the grip of a severe financial crisis. A 2020 explosion at its main port in Beirut shattered its capital city and destroyed grain silos. Lebanon imports mostly wheat from Ukraine but also buys its corn for making cooking oil and animal feed.

Kubrakov said the shipments will also help Ukraine's war-shattered economy.
"Unlocking ports will provide at least $1 billion in foreign exchange revenue to the economy and an opportunity for the agricultural sector to plan for next year," he said.

Hearing the ship sound its horn as it left port delighted Olena Vitalievna, an Odesa resident.
"Finally, life begins to move forward and there are some changes in a positive direction," she said. "In general, the port should live its own life because Odesa is a port city. We live here. We want everything to work for us, everything to bustle."

The resumption of the grain shipments came as fighting raged elsewhere in Ukraine, with Russia pressing its offensive in the east while Ukraine tries to retake territory in the Russian-occupied south.
Ukraine's presidential office said at least three civilians were killed and 16 wounded by Russian shelling in the Donetsk region over the past 24 hours. Donetsk Gov. Pavlo Kyrylenko repeated a call for all residents to evacuate, emphasizing the need to remove about 52,000 children still there.

Two civilians were killed and two seriously wounded when Russian forces fired missiles at a bus evacuating people from a village in the southern Kherson region, according to Oleksandr Vilkul, head of the military administration in the city of Kryvyi Rih.
Ukrainian authorities have been calling on civilians in that region, which was overrun by Russian troops early in the war, to evacuate ahead of a planned counteroffensive.
More shelling was reported in Kharkiv in the northeast and Mykolaiv in the south.
Analysts warned that the continuing fighting could still upend the grain deal.
"The departure of the first vessel doesn't solve the food crisis; it's just the first step that could also be the last if Russia decides to continue attacks in the south," said Volodymyr Sidenko, an expert with the Kyiv-based Razumkov Center think tank.

In other developments:
— In Washington, President Joe Biden approved an additional $550 million in military aid to Ukraine, including more ammunition for howitzers and for the new American-supplied multiple rocket launchers that are making a difference on the battlefield. The package brings total U.S. military assistance to Ukraine to approximately $8.7 billion since the start of the Biden administration.
— Ukraine's human rights ombudsman said he had written to his Russian counterpart suggesting a joint visit to the Olenivka prison, where dozens of Ukrainian POWs were killed in an explosion Friday. Dmitry Lubets said the Russian side indicated it would consider it.
Both sides have blamed each other for the blast at the prison, which is in Russian-controlled territory. Ukrainian officials maintain the explosion was caused by a bomb set off inside the building.
The International Committee of the Red Cross has also requested access to the prison, but so far has been turned down.

Dutch mom gets 3 years in US for supporting Somali militants

(AP) — A Dutch woman was sentenced to three years in prison on Monday for donating several hundred dollars to a group that supported the militant group al-Shabab in Somalia.

The sentenced imposed on Farhia Hassan, 38, was far less than the 8-year sentence sought by prosecutors.

She was convicted earlier this year by a jury at U.S. District Court in Alexandria of conspiring to provide material support to terrorists.

Prosecutors said she was one of about 15 women who gathered in an online chatroom and regularly committed small amounts of money to support al-Shabab militants in Somalia and Kenya. In all, prosecutors say she donated about $300 over a three-year period, though they admitted difficulty tracking payments.

Hassan, a Somali native and mother of six, was granted asylum in the Netherlands as a teenager and settled in the city of Terneuzen. She was initially charged in 2014, but fought extradition for seven years before she was brought to the U.S. to face trial.

Two leaders of the group have already been convicted and sentenced to terms of 12 and 11 years, respectively. Hassan's lawyers argued she never should have been charged in the first place. They said it was overreach for the U.S. to charge a Dutch woman for supporting Somali militants when she had no connection whatsoever to the U.S.

While al-Shabab has been designated a terrorist organization by the U.S., it carried no such designation in the Netherlands or the European Union at the time the group was active, from 2011 to 2014.

Brittney Griner's trial resumes amid intensified diplomacy

(AP) — Since Brittney Griner last appeared in her trial for cannabis possession, the question of her fate has expanded from a tiny, cramped courtroom on Moscow's outskirts to the highest level of Russia-U.S. diplomacy.

The WNBA star and two-time Olympic gold medalist returns to court on Tuesday, a month after the beginning of the trial in which she could face 10 years in prison if convicted. As the trial has progressed, the Biden administration has faced rising calls for action to win her release.

In an extraordinary move, Secretary of State Antony Blinken last week spoke to his Russian counterpart Sergey Lavrov, urging him to accept a deal under which Griner and Paul Whelan, an American imprisoned in Russia on an espionage conviction, would go free.

Although details of the offer remain shrouded, Blinken's public announcement of a proposal was at odds with the convention of keeping prisoner-release negotiations tightly under wraps. When American Trevor Reed, serving time for assaulting a police officer, was freed in April in exchange for a Russian drug trafficker, no clues of an imminent swap had emerged.

The Lavrov-Blinken call also was the highest-level known contact between Washington and Moscow since Russia sent troops into Ukraine more than five months ago. The direct outreach risks undermining a core message to U.S. allies that isolating Russia could force the eventual withdrawal of troops from Ukraine.

It also underlines the public pressure that the White House has faced to get Griner released, which has brought some backlash. Former President Donald Trump strongly criticized the proposal that people familiar with it have said envisions trading Griner and Whelan for the notorious arms trader Viktor Bout.

"He's absolutely one of the worst in the world, and he's going to be given his freedom because a potentially spoiled person goes into Russia loaded up with drugs," Trump said.

White House Press Secretary Karine Jean-Pierre told reporters Monday that Russia has made a "bad faith" response to the U.S. government's offer, a counteroffer that American officials don't regard as serious. She declined to elaborate.

Griner, speaking from the defendant's cage in a courtroom that barely holds a dozen people, has acknowledged there were vape canisters containing cannabis oil in her luggage when she was arrested at a Moscow airport in February. But she says she had no criminal intent and that the canisters ended up in her luggage because she was packing hastily. Griner played for a Russian women's basketball team in the WNBA off-season.

To bolster her case, her defense lawyers have called character witnesses from her Russian team, UMMC Ekaterinburg, and presented testimony from doctors that she was prescribed cannabis as a treatment for pain. Medical marijuana treatment is not legal in Russia.

Her lawyers say they hope such testimony will bring leniency from the judge, who they say under Russian law has leeway to consider mitigating factors.

Acquittals are rare in Russian criminal prosecutions — less than 1% of cases. Sentences can be suspended.

If a conviction is a foregone conclusion, it would also potentially be a step forward. Russian officials have said no release of Griner could occur until the judicial process is completed.

However, a Washington attorney who formerly was legal adviser at the U.S. Embassy in Moscow said there is no formal requirement for a conviction before an exchange.

"If she is in fact being used as a political bargaining chip — and the administration has already designated her as wrongfully detained, presumably because they think she is being used as a political pawn — they may impose a very significant sentence as a way to maximize their leverage in negotiations," the attorney, Tom Firestone, told The Associated Press.

He also said that, given the Biden administration's public commitment to securing the release of Whelan and Griner, Russia "may want to let this play out a little bit longer and try to extract more concessions."

Russian officials have given no public hint of whether Blinken made headway in his call with Lavrov, only issuing a statement urging the Americans to pursue the matter though "quiet diplomacy without releases of speculative information."

Russia has repeatedly expressed annoyance with American statements on the case, saying they show a disrespect for Russian law.

Barcelona sells part of its production hub for $102M

(AP) — Barcelona has sold part of its production hub for 100 million euros ($102 million) to boost its finances in a bid to use its newly signed players right away.

Club president Joan Laporta announced Monday the club sold a 25% stake of Barça Studios to Socios.com, a blockchain provider in the sports and entertainment business.

The club said the sale will "accelerate" the club's strategies related to audiovisual, blockchain and online products.

The money should also allow Barcelona to meet Spanish league financial requirements and sign the players it has acquired recently, including Robert Lewandowski, Raphinha and Jules Koundé, who was officially introduced on Monday.

The club spent more than 160 million euros ($163 million) on the three players, becoming Europe's leading spender in the offseason despite being mired in financial difficulties until recently.

Laporta has been criticized for burdening the club's future with its current tactics to find new cash. Barcelona had already sold 25% of its Spanish league TV rights for the next 25 years for 667 million euros ($682 million).

"The risk is under control," Laporta said. "We need to save the club and have the possibility of bringing in new players."

The mismanagement blamed on previous president Josep Bartomeu, combined with the impact of the COVID-19 pandemic, left the club with a debt of more than 1.3 billion euros ($1.3 billion).

The team struggled on the field as well, failing to win a major title last season after not being able to hold on to Lionel Messi.

France defender Koundé, who had also been sought after by Chelsea, praised Barcelona's new approach to keep thriving.

"I chose Barça because it's clear to me that the club has a very ambitious project," the former Sevilla player said.

Barcelona will make its Spanish league debut on Aug. 13 against Rayo Vallecano.

Thousands turn up to welcome German team back from Euro 2022

(AP) — Germany's narrow loss to England in the Women's European Championship final may yet prove more beneficial for women's soccer in the country than another title would have been.

The team was given a heroes' welcome back in Frankfurt on Monday, when thousands of flag-waving fans turned up in front of the city hall to show their appreciation for coach Martina Voss-Tecklenburg and her players.

"It's crazy that a performance is recognized over several weeks and not only with a win," Voss-Tecklenburg said.

Chloe Kelly's goal in extra time denied Germany a ninth European title and gave England its first – setting off euphoric celebrations in that country – but the German team's run to the final stoked great excitement among fans, not least because the men have flopped at major tournaments since winning the 2014 World Cup.

An average of nearly 18 million viewers watched Sunday's final on German broadcaster ARD, breaking an 11-year-old record for women's soccer from the 2011 World Cup. Viewing figures for Euro 2022 increased as Germany progressed to the final. Just over 12 million saw the semifinal win over France.

Alexandra Popp, who scored six goals to steer her team into the final at Wembley, missed the decider after reporting a muscle problem in the warmup. It gave Germany's loss a sense of tragedy without its captain, further endearing the team to its fans.

"We actually wanted to be European champions and not the champions of hearts," Voss-Tecklenburg said. "But if the great performances helped us play our way into the hearts of the German people, then we're happy to be champions of hearts."

Pride in the performances and the disappointment of losing led some to accuse the German soccer federation of not doing enough to support female players and of treating women's soccer as an afterthought compared to the men's.

"The fact that there's no real awareness is shown when three games in the (men's) German Cup are scheduled at the same time as the women's final in Wembley," Greens parliamentary group spokeswoman Britta Haßelmann told news agency DPA. "The support for young soccer-loving girls and women has to be massively increased. It can't fail due to financial resources at the federation. It really needs to get going now."

Government spokesman Wolfgang Büchner said it plans to do more for women's soccer, though he didn't get into specifics. He said Germany's performances in England meant it was "a role model for many women in sports and also in other areas of society."

German soccer league chairman Hans-Joachim Watzke said he hopes Voss-Tecklenburg's team's run to the final – and the interest it generated at home – will have a knock-on effect for the women's Bundesliga, where spectator numbers are usually quite low.

"Tournaments are nice and important, but ideally they should reflect on everyday sporting life. I'd like that very much because I see the immense commitment put into women's soccer. But in the end it's always the same – you vote with your feet," Watzke told Kicker magazine.

Watzke, who is also chief executive of men's heavyweight Borussia Dortmund, referred to the low income generated by women's soccer compared to the men's game when it comes to the debate on equal pay for male and female players.

"It's obvious that equal pay is the goal. But with equal revenue," Watzke said.

Speaking to daily tabloid Bild, the Germany and Bayern Munich player Lina Magull called for female players in the first and second divisions to be given a minimum wage.

"We players should earn enough from the second division so that nobody has to work part-time anymore. We're talking about a minimum salary of 2,000 or 3,000 euros a month," Magull said. "This is how you can advance the development of women's soccer sustainably."

Addressing the homecoming German team in Frankfurt, German soccer federation president Bernd Neuendorf said the players' efforts at Euro 2022 had inspired a new beginning for women's soccer in the country.

"We experienced the end of a tournament on Sunday, but also the start of something quite big. We can all be happy about that," Neuendorf said. "Of course, we hope that we will bring many women and young girls into football through this wonderful tournament."

Before Venus Williams' return, Halep advances in Washington

(AP) — Simona Halep won her opening match at the Citi Open on Monday hours before another former No. 1-ranked women's player returned to singles action for the first time in 2022.

Venus Williams is set to play her first singles match in nearly a year when she faces Canadian Rebecca Marino on the same court where the third-seeded Halep beat Cristina Bucsa of Spain 6-3, 7-5 earlier in the day at the hard-court tuneup for the U.S. Open.

"I had a good run in Wimbledon, so it's always tough to start," Halep said of changing surfaces after the grass-court season. "But I'm really happy I won the match and I can play another match here."

Williams has not played a WTA singles match since losing to Su-Wei Hseih 6-2, 6-3 in Chicago on Aug. 23. She and partner Coco Gauff lost their doubles debut earlier this year at the French Open.

On the men's side, Kyle Edmund defeated qualifier Yosuke Watanuki 6-4, 7-6(8) to win his first ATP Tour-level singles match since October 2020. Edmund, who was once the top-ranked Brit and climbed as high as 14th in the world, was out while recovering from three knee surgeries.

During his rehab, Edmund pictured himself back on the court in moments like this.

"There was long periods where I was just out, couldn't play, didn't pick a racket up. ... It just wasn't fun at all," he said. "These sort of matches or these events are something you imagine when you're out."

Countryman Andy Murray is set to play his first match of the tournament Monday afternoon against Mikael Ymer of Sweden.
